

ST.CHRISTINE EDUCATION CENTRE, YEAR 2017 ACADEMIC REPORT.

Hello to all,

We are happy to inform you that we have had a good academic year 2017. St. christine Education centre is one of the best performing schools in the region.

In term one; the performances were quite well, however, not very good, majorly due to transition from one level to the next. However, improvements were noted both at individual learner level and class at large.

In second term, major improvements were then realized, an indicator that learning was on course, with our teachers and pupils seriously geared towards an improved performance.

In term three, we have generally realized a good performance across the classes. This was said to be good. According to the Kenya's Education policy of 500 marks for primary, we had a number of the pupils scoring at least the average of 250 marks. However, some classes never did so well.

Below is a tabulated performance per class:

Class	Entry	Total pass	Low Achievers	Mean standard score
Pre-school	48	38	10	397.80
1	41	34	7	319.02
2	41	35	6	321.07
3	35	30	5	341.21
4	41	37	4	318.05
5	39	20	19	258.90
6	31	20	11	282.30
7	33	16	17	249.7 0
8	38	27	11	298.84

Again, the performance per subject for the primary section is as tabulated below:
