

RE: ECDE GRADUATION,PRAYER AND CLOSING DAY REPORT.

Hello everyone,

The above events were held on Thursday 25/10/2018.It has been a long way planned day.

We started our program by 10 am. Our first activity was the release of end year results across all classes, where the best performing pupils were awarded with books, pens and pencils. Our guests and parents also awarded them in different ways.

Next was the ECDE graduation exercise that was so colourful. This was led by the Sub-county ECDE supervisor, who really congratulated the school as a whole for the good work towards brightening the future of the pupils. She passed her sincere gratitude to you the financiers.

We lastly had the prayer session for our candidates. This was led by five clergy men of various denominations around the school. Not only prayer but also lots of advice were given to the pupils, teachers, parents and other invited guests. It was really encouraging.

We are happy to say that everything went on well all through till the end. However, there was a lot of rain towards the end. This is usually associated with blessings. We finished well and everything was a success.

Regards,

Augustine
